

Installation Instructions: Android App

Android Users: If you receive this Javascript error message when attempting to login to the app, please follow these instructions:

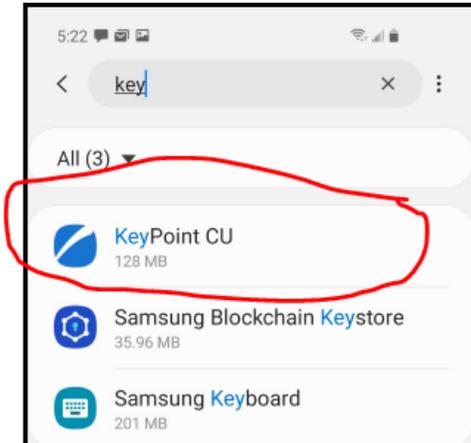

Solution:

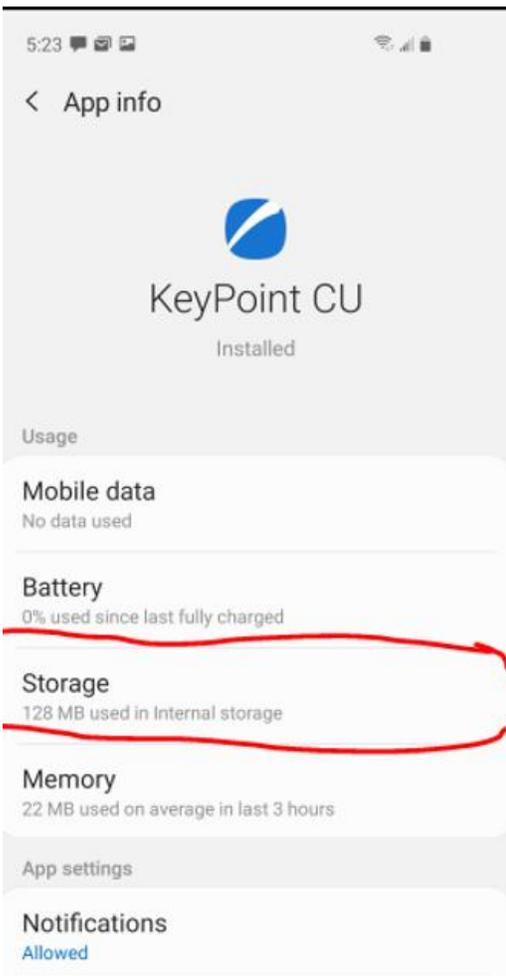

1. Go to Settings

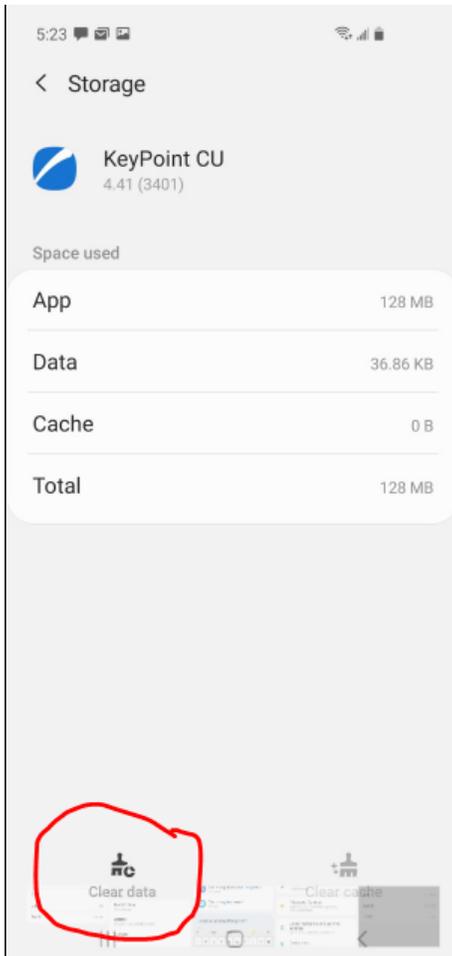

2. Go to Apps and search for the KeyPoint App or scroll down until you see KeyPoint App:

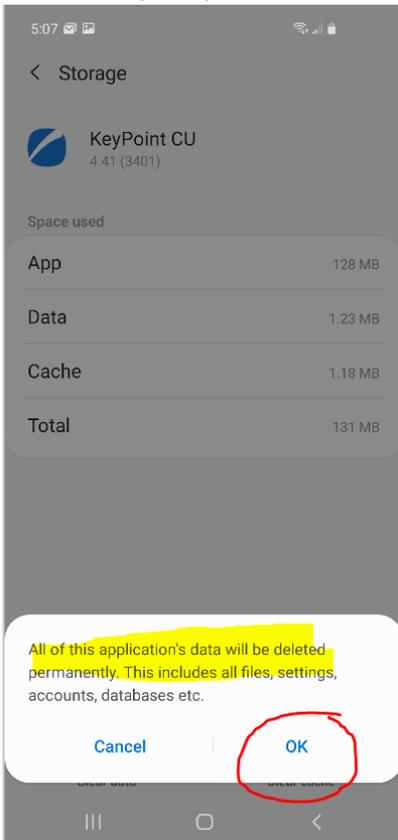

3. Click on Storage

4. Click on 'Clear Data'

5. You will be prompted with a message (see below)

6. Click the 'OK' button
7. Launch the KeyPoint App version 4.41 (3401) again.
8. Enter your credentials and log in to the app.
