Meet KeyPoint's Board Chair

Gary Garcia

What is your role as Chairperson of the Board?

I work closely with the Executive Team and fellow Board Members to support KeyPoint's success. Each Board Member has a duty to oversee and define strategy for the credit union. As Board Chair, I lead our Board Members in these activities to achieve KeyPoint's core mission—*enabling Members' financial well-being through advantageous solutions and education*.

What do you find most rewarding about serving at KeyPoint?

It's a privilege to work with and learn from KeyPoint's Executive Team and Board Members while serving our community. Working with KeyPoint enables me to participate in developing solutions that empower Members' financial well-being, and that's not just repeating the mission statement...it's something we really do!

What is your favorite book and why?

My favorite books change like the tides. Right now, I'm enjoying *Down Time: Great Writers on Diving*, edited by Ed Kittrell and others. It's a compilation of articles and stories about SCUBA and freediving. The subjects range from adventure stories, scientific discoveries and the physics of SCUBA.

SAVING FOR A RAINY DAY 3 Ways to Weather the Unexpected

1. **Set a Goal**—A rainy day fund helps cover short-term, unexpected expenses, like minor car repairs or vet bills. While it depends on your financial needs, it's generally wise to save between \$500 and \$2,500.
2. **Grow Your Savings**—Your rainy day fund should be easily accessible and, ideally, in an account that offers a high return on your money. With a KeyPoint QuickStart Saving account, you'll earn more on your first \$5,000, and there's no monthly service fee! Open online at kpcu.com/quickstartsavings.
3. **Make it a Habit**—Automate your savings by setting up direct deposit to transfer a portion of your pay into your account each month.
